A CANADIAN CYCLONE.

A Farming District in Ontario Suffers the Loss of Everything in the Shape of Buildings.

BRANTFORD, Ont., April 26.—A report has reached here of a destructive cyclone, which visited the northern townships of Hastings county, leaving widespread ruin in its wake. The force of the storm was most severely felt in the townships of Carlow, Mayo and Mount Eagle. Thomas Lebo, of Mount Eagle, and James Robinson had all their buildings blown down, killing part of their stock. Louis Lavere's barn was carried away and torn to pieces and Alfred Armstrong's house was demolished. Parts of the building were carried over a mile and deposited in the woods. Even their clothing, which was packed in trunks, was carried across into the woods. Pieces of the trunks were subsequently seen, but nothing more. Their bed clothes were torn to pieces and carried away. They lost everything they owned. Armstrong was away from home. His wife and children were in the house when the door blew open, and all ran to abut it, which set saved their lives. Just as they were trying to close the door the whole building was carried away. The children got off with only a few bruises. The cyclone passed through Carlow, about six miles wide, and swept everything before it. No further particulars have been learned, although greater damage is supposed to have been done.

WILL NOT BE MOVED.

By Request of Mrs. Grant the General's Body Will Remain in Riverside Park.

NEW YORK, April 26.—A special from Washington says the movement to transfer the body of General Grant from New York to the National cemetery at Arlington has substantially come to an end. The senate committee of military affairs determined, after the death of Senator Plumb, to ascertain positively the views of the Grant family before acting on the resolution introduced by the Kansas senator. It was found that Mrs Grant would rather have the body of her husband remain where it is rather than have a contest in congress over its removal. This fact, taken in connection with the renewed activity of the managers of the monument fund decided the senate committee to drop the resolution and leave the body of General Grant in Riverside park.

A TWO ROUND FIGHT.

The Washington Thunderbolt Whips William Gabig.

NEW YORK, April 26.—At Noble's last night Muldoon announced that William Gabig, of Philadelphia, known as the mysterious boxer, would meet C. C. Smith, the Washington thunderbolt, in four rounds of three minutes each. The colored fellow hammered the fat on Gabig's ribs and slammed him on the head until the mysterious one wished he were in Philadelphia. He managed to hang on until the referee said time, when he sank into his chair. Gabig came up very slowly for the second round, and soon went down. The crowd yelled, "That's enough! Take him off!" Whereupon the referee pointed at the thunderbolt to indicate that he was the winner, and the mysterious boxer was carried out like a bag of potatoes.

RETIRING COUNCILMEN.

Tonight Ends the Terms of Ten City Legislators.

The business of the common council this evening will be confined mostly to unfinished business as is customary upon the meeting when one-half of the council retires. Tonight's meeting closes the tenure of office of the following councilmen: John Scheffer, First ward, Herman Michaels, Second ward; William Meyer, Third ward, George W. Ely, Fourth ward; L. P. Huser, Fifth ward, Fred Dalman, Sixth ward; P. J. Scheid, Seventh ward; John Smith, Eighth ward; Fred Boltz, Ninth ward; F. De Lagrange, Tenth ward. Of the retiring councilmen all but Scheffer, Dalman and Smith will be candidates for reelection.

A RUNNING FIGHT.

A Sheriff's Posse and a Gang of Marauders Indulge in One.

CAMDEN, Ark., April 26.—Yesterday, at Smackover, a few miles south of here, a running fight occurred between a sheriff's posse and a gang of marauders who Sunday night had fired into a negro woman's cabin, wounding her in the arm. The party of night riders rode towards Camden after their depredations and the posse overtook them at Smackever at noon, where they had stopped for dinner. At the sight of the officers they ran, but the posse fired at them, seriously wounding one of the band. The others escaped, but will be captured.

FOR STARVING RUSSIANS.

Iowa Preparing to Load a Ship With Breadstuffs.

NEW YORK, April 26.—The magnificent offering of the people of the state of Iowa to the starving people of famine stricken Russia thirty-two thousand tons of breadstuffs, gathered under the direction of the society of the Red Cross, by the women of that great west ern state, will leave this city within the next two or three days transported by the steamer Tynehead. The Tynehead was expected here last week but has been delayed somewhat and will be here tomorrow, possibly today. The grain which the vessel will take with her to relieve the suffering of a starving people, has been accumulating here, car load by car load, for the past few weeks and is now lying in the Dows and Columbia stores in Brooklyn awaiting the arrival of the vessel. The storage and inspection of this grain has been free of charge and is only a part of the charities extended to the movement from its inception.

HIBERNIANS.

The Two Factions Preparing to Shake Hands and Bury All Past Differences.

ST. PAUL, Minn., April 26.—The Ancient Order of Hibernians is divided into two sections—the American board and the board of Erin split being of some years standing. The board of Erin is the original order of Hibernians in Ireland, and the American board is the offshoot in America. For a number of months past efforts have been made to bring the two factions together so that all may move together under one banner. In Ireland the two factions are moving for unity, and in several of the United States they have formed a complete union. A few days ago the American board here appointed a committee to confer with a like committee from the board of Erin, and yesterday the board of Erin held a meeting and appointed its committee of conference. Later the two committees held a session, and after some discussion adjourned until Thursday evening, when it is believed all the differences will be settled for good. Nearly all the leaders of the trouble are now dead and their successors have not cherished any of the bitterness they engendered.

Martin Detzer has in his possession a bullet that came within a few inches of ending his life. A friend was exhibiting a revolver when the thing went off as usual when it is least expected to do so. The bullet went whistling by Mr Detzer's ear and buried itself in the frame of a medicine case. The friend who was responsible for the accident regrets it exceedingly and asserts that he will never exhibit a revolver again.

This afternoon Rev M. S. Marble, the new pastor of Berry street M. E church, officiated at his first wedding since taking his new charge. The contracting parties were Miss Carrie, the beautiful and interesting daughter of Mr. and Mrs. John Ervin, to Martin Franks, of Chicago. The bride attended the Fort Wayne public schools and has many friends. W. R. Kimball, the electrician, has had the Slattery storage battery car on the track for special experimental work the past few days. His movements have been confined to that part of the track on West Jefferson street lying west of Broadway. The car has been run daily from 11 o'clock in the morning until 5 o'clock in the afternoon, and the tests have been the most satisfactory of any yet held. In conversation with a SENTINEL reporter Professor Kimball said: "We are now getting at the exact running expenses. So far as changing the batteries is concerned it will not require more than five minutes to do that when one set of batteries is comes exhausted. It has been demonstrated that this system of storage batteries gives far more energy than any other system in the world. I anticipate for this storage battery car success that will revolutionize the operation of street cars."

A REIGN OF TERROR.

The Explosions Another Anarchist's Bomb Creates Fear and Consternation in the Ranks of the Peaceful.

PARIS, April 26.—The greatest excitement reigns today over the dynamite outrages of last night and for the first time in many years threats of lynching are freely uttered in the streets. Among the respectable classes fear and apprehension have given way to an angry and desperate feeling and should the law spare either Ravachol or his accomplices it is probable that the public themselves may put an end to the wretches. The general sentiment is that state of war virtually exists between society and the anarchists and that the latter must be crushed like venomous snakes. M. Very, proprietor of the restaurant in which Ravachol's bomb was exploded, is still living. He is in a critical condition and the doctors hardly dare to express a hope of his recovery. It appears that yesterday M. Very received another threatening letter. A few days ago M. Very had already received so many threatening letters that he intimated his intention of leaving Paris and taking himself to some spot where he was not known. He was in a very nervous state and was convinced that sooner or later an attempt would be made to kill him and his family. During the past few days he has been in search of rooms, not for restaurant purposes, but simply as an abode and he had been unable to find any M. Very told the police on Sunday that he was utterly disgusted, but that he would not fail in his duty if it had to be done all over again. His brother-in-law, M. Lhrot, also received a number of threatening letters. Policemen continue to keep guard over houses inhabited by members of the magistracy, who have been marked by the anarchists for vengeance. It is affirmed today, however, that notwithstanding the precautions adopted by the government for the protection of the government officials, dynamite cartridges, such as are used in mining, were found near the residences of two law officers in the Rue de Lille. The matter was referred to the perfecture of police, and in the meantime the houses are being more strictly guarded than ever.

At Lyons yesterday a cardboard box, bearing the inscription, "Club of anarchists and starved people. Down with the bourgoise," was found on the steps of the Hotel Deville. The article was opened by a police commissary. It contained a dangerous looking substance which was sent for analysis to the municipal laboratory. In view of threats against M. Quesnay De Beaurepaire, the prosecutor general, everybody who calls at his house is attentively examined before he is promitted to ascend the stair case. Even the secretaries of some of the judges d' instruction are applying for protection for themselves and families. A prominent anarchist, who does not himself approve of the use of dynamite, is reported as having just remarked that more explosions were to be expected in different countries. The party was carrying on its campaign against the society with more energy than ever. It was true that individual members did not act in obedience to orders received from their leaders, but there was a kind of instinct which drove them on to make their power felt suddenly and at the same time in England, France, Germany, Italy and Spain. The idea is gaining ground that the militant anarchists will be daunted by the punishment of Ravachol and his companions. It is supposed that there now are in Paris from three to four thousand men who are either active and outspoken anarchists or are secretly affiliated to the dangerous sect which sent forth the dynamiters on their deadly errands. Forty foreign anarchists have been sent out of France, but there are still about 400 Spaniards and Italians in the district of La Chapello who are ready to continue the work of their expelled brethern in propaganing theories of revolution. The largest number of anarchists are to be found in the Pantheon district. They meet in a hall in the Rue Mouffetard, where Blanqui, the communist, had his headquarters of old, and they are said to be 200 strong. Next comes the neighborhood of the central markets, where the two groups called the "insoumis" and the "Trimardeurs" numbering 150. Near Pere Lachaise there are groups, forming in all 110 anarchists, while the Rouquette quarter comes next with 100, the Gobelins following with ninety. The others are scattered in various parts of the city and suburbs. In the midst of the general apprehension the authorities note with satisfaction that at a banquet of 1,500 workmen, which has just been held at Niems, speeches were delivered severely censuring those in favor of violence, the prevailing sentiment being that they should endeavor to improve their lot by fair means and not commit crimes at the demand of a few demagogues. From evidence gathered this morning the police believe that the perpetrators of the outrage at Very's restaurant were three men and three women, who dined at the restaurant last night. One of the men carried a parcel. The three women went out before the men and one of the men lighted a cigar. After lighting the cigar he held it under the table as if to escape the fumes. Then the three men went out in a hurry and were seen running away a short time after they had left the restaurant.

The Gaulis, commenting on the outrage last night, reproaches the authorities with incompetency and demands that something be done to put an end to the reign of terror. The Matin expresses views of a similar character. So great has been the throng about Very's restaurant all day that the military were summoned to keep back the crowds in order that the curiosity seekers might not interfere with the work of the police in collecting evidence.

PANHANDLE MACHINISTS.

John J. Lamb Says There is to be a Change in the Situation.

INDIANAPOLIS, April 26.—The machinists' strike remained unchanged yesterday, but in the course of a week or so it is expected to assume a more serious aspect. John L. Lamb, international committeeman, who has been here off and on ever since the strike was declared, will leave for Chicago tomorrow. On Friday the executive board of the International association will meet and Mr. Lamb will be in attendance. Next Monday the convention of the International association will begin a session.

To both the executive board and the convention every phase of the machinists' trouble in this city will be presented in detail. The local lodge will be represented by John Greig, the strikers' chairman; William W. Milford, master machinist in the lodge, and John O'Day, grand treasurer. The presentation of the situation here will be in the hands of these gentlemen and Mr. Lamb.

It has been claimed that Superintendent Darlington, of the Panhandle, has never granted an interview with a representative of the strikers, but yesterday Mr. Lamb called upon him, and sent in his card bearing his official title in the International association, and he was granted an interview. This was after he had talked with Mr. Greig. Mr. Lamb's object in calling upon Superintendent Darlington was to notify him of the meeting of the executive board and the convention, and ask him if the company regarded the situation changed in anyway from what it has been. Superintendent Darlington replied that the situation was not changed, and that the company would continue its present course. Barring an exchange of courtesies that was all the interview amounted to.

To a reporter Mr. Lamb said last evening. "I believe that after the international convention the situation will assume a far more serious aspect. The company is firm and so are the men. It means a long fight."

The convention will be vested with authority to order a general strike on all the lines of the Pennsylvania system, and it is generally believed that such will be the outcome. At any rate the next few days will decide a different policy on the part of the men from that which has been followed heretofore.

THE SHEEP DID IT.

Running at Large They Precipitate Trouble Between Two Prominent Farmers—Court Notes.

Lake township lobbed up today in Justice Ryan's court and furnished the newspaper reporters with a first class court item, two prominent farmers being engaged in an assault and battery case.

Patrick Ambrose and Lawrence Ruan own adjoining farms in Lake township and the latter, Mr. Ruan, has been allowing his sheep to run at large, doing injury to the property along the highways.

This was an annoyance to the people of the township and last week Mr. Ambrose, who is the road supervisor of the township, determined to put a stop to it. Accordingly, with his son, Will Ambrose, he took the sheep in charge and as the statue provides in such cases, was about to impound them, when he was met with resistance.

Mr. Ruan and his two sons interfered and in attempting to free their sheep from the clutches of the law assaulted and beat Mr. Ambrose and his son with clubs. The two Ambroses came to the city yesterday and filed affidavit for assault and battery against Lawrence Ruan, sr., and his sons, Thomas Ruan and Lawrence Ruan, jr. The defendants were also charged with obstructing the highway. Constable Harrod went out into the country this morning and made the arrests.

The defendants were brought in and the hearing of their case was adjourned until May 4th. Ed France appeared for the state and J. R. Ritteneer for the defense.

COURT NOTES.

Geo. Fisher was fined $1 and costs for drunkenness by Justice Ryan.

Martin G. Franke and Carrie L. Ervin have been licensed to wed.

Oliver Barrett, of Wayne township, aged twenty-nine, has been adjudged insane by Justices Wilkinson and France.

Most of the democratic lawyers are at Kendallville today. Neither the circuit or superior court is in session and the squires are doing but little.

The case of Herman Krueger vs. the city of Kendallville, involving street improvements, which was taken to Whitley county on a change of venue, has been settled. Ex-City Attorney Coleriek, of this city, represented the defendant in the case.

YOU BET THEY WOULD.

Theosophy Sages Hide in the Himalaya Mountains to Avoid Reporters.

Dr. A. P. Buchman, of this city, attended the annual convention of the American section of the Theosophical society at Chicago yesterday and was elected on the executive board. The doctor presented a paper, "Is it Reasonable to Believe in Mahatmas?" which was the subject of a long discussion at the morning session. One skeptical woman wanted to know why these sages were always located beyond the Himalaya mountains.

William Q. Judge, the general secretary, replied that it was necessary that they should be secluded, and that such seclusion would be impossible in this country because of the reporters, who would hound the Mahatmas to death and worm every secret from them. "There is no inaccessible place in America," he said, "where Mahatmas might exist. Every newspaper man in the United States would find them out and interview them and choke out of them the secrets they have. Do you think that Mahatmas could live in Chicago, in New York; no; they would be asked to advertise. There is no reverence in the American people. Mahatmas could not exist here. That is why they are found in the utmost fastnesses of the Himalayas.

"Furthermore, the Mahatmas' bodies are not like ours, they are strained to a degree by the carnation and reincarnation. Should one of these adepts visit us here, our bodies, in the presence of their superior powers, would take fire and become incinerated."

A FINE PLAY.

"The Limited Mail" at the Temple Tomorrow Night.

Elmer E. Vance's realistic comedy company, "The Limited Mail," will be presented at the Masonic Temple tomorrow evening. The mechanical and scenic effects of this play are striking pictures of the real, and the departure of the limited mail, the escape and the wreck produce grand effects. As for the play it abounds in fun, and there is a tinge of that homely pathos running through it that is always welcome and creative of interest. The wonderful mechanical effects of "The Limited Mail" make it one of, if not the strongest, attraction of its kind on the road. All who saw its former presentation in this city speak in the highest terms of praise of the play.

Dr. Mc Oscar and Mr. Callahan will return tomorrow.

AT A MASS MEETING.

The People Will Protest Against the Violations of the Sunday Law—Committee of One Hundred.

At a meeting of the Sunday Rest league at the city Y. M. C. A. hall last evening opinions as to the best way to proceed with the work were freely discussed. Rev. G. N. Eldridge, the president, said he would like to have the names of the violators of the law furnished the league so that the work of enforcing the law might be commenced without delay. Remarks were made by James E. Graham, Dr. Ferguson, W. B. Walter, President Reade, of Taylor university, and the meeting adjourned.

It was decided to have the ministers of the city appoint a committee of one hundred from the various congregations to make arrangements for a big mass meeting of the people to be held for the purpose of entering open protest against the Sunday saloon and other Sunday desecrations. It will be the spirit of the meeting to demand an observance of the law and eradicate the flagrant violations now existing.

M'NAGNY GETS IT!

The Brilliant Whitley County Lawyer Nominated for Congress on the First Ballot.

SPECIAL TO THE SENTINEL.

KENDALLVILLE, April 26.

The city is crowded today with democrats who have come from every county in the district to attend the congressional convention of the Twelfth district, which met here.

Many of the delegates began arriving last night and the train this morning largely increased the numbers so that today the city is crowded with strangers and the hotels are put to their best to entertain them.

The Fort Wayne crowd is the largest and noisiest and worked like beavers for the success of their respective favorites, J. M. Robinson and P. S. O'Rourke. A large delegation from that city came up yesterday afternoon and the early train this morning added nearly 200 to their number, while the 11 o'clock train brought in others.

The candidates for congressional honors are W. F. McNagny, of Columbia City, and P. S. O'Rourke and J. M. Robinson, of Fort Wayne, and the friends of each are leaving no stone unturned to secure the nomination of their choice.

As the hour for calling the convention to order was not until 2 o'clock, the morning hours were spent in electioneering and the holding of caucuses of the various counties.

The delegation from Allen county held a caucus at 11:30 and resolved to stand solid for the candidates from their county, but the delegate from Perry township will support McNagny.

M'NAGNY NOMINATED.

At 2 p. m. the convention convened. The names of the different candidates were proposed and McNagny, of Whitley county, was nominated on the first ballot.

COTTON SPINNERS.

The Lockout in English Factories Continues.

LONDON, April 26.—The lockout of the cotton spinners continues. A few masters who have profitable orders are running their factories and paying the required fine to the employes association. The master cotton spinners at Bolton, who use Egyptian cotton, are holding a meeting today to discuss the advisability of forming a federation similar to that of the masters, who use American cotton. The masters using Egyptian cotton there been invited to join in the lockout, but will probably decline, as their mills are running on good orders, and they have no questions at issue with their operatives.

SERVED HIS TIME.

Ferdinand Ward's Term of Imprisonment Expires Saturday.

NEW YORK, April 26.—Ferdinand Ward, whose financial operations in the firm of Grant & Ward caused such a stir a few years ago, will be liberated from Sing Sing next Saturday. There is still an indictment pending against him in the United States court, but it will probably not be acted upon.

Schroeder's ball was in festal array last night upon the occasion of the third annual ball of the Wayne club, which is the social auxiliary of Wayne commandery. One of the principal features of the evening was the drill of the commandery under command of Captain Joseph Kopp. The evolutions awakened much admiration, the movements being precise and graceful. The singing of the Emmett quartet was a special feature. For the first time in this city the "Knights of St. John" welcome song, composed by Carl J. Weber, of the quartet, was sung, and it was so liberally applauded that an encore had to be responded to. The quartet rendered "The Steeple on the Hill," and "Good Night" sung in the usual pleasing style. The dancing program was led off in the grand march, by Mr. and Mrs. John McNulty, Mr. Charles Michael and Miss Rose Schwieters. For the dance program Mr. August C. Goeke officiated as master of ceremonies. The committee were: On arrangements, J. J. Rohrmann, Frank Heid and August C. Gocke, on reception, Joseph Kopp, Fred Link, John Nohe, Wayne club, floor managers, August C. Goeke, J. J. Kohrmann, C. J. Michael, Edward J. Gruber.

TONIGHT.

CITY COUNCIL—Regular meeting.

PEOPLE'S PARTY CLUB—Business meeting.

RAILROAD Y. M. C. A.—Social meeting at the home of Mr. Spalding.

SIMPSON M. E. CHURCH—Farewell to Rev. Dr. Driver.

ODD FELLOWS ANNIVERSARY—Entertainment, banquet and hop.

WORLD'S MUSEUM—Geary's Dramatic company in "Silver Bird, the Dead Shot," and curio hall attractions.

LODGES—Fort Wayne No. 116, K. of P.; Fort Wayne, No. 19 A. O. U. W.; Home Lodge, 342, F. & A. M.; Darius council, Princes of Jerusalem.

The democracy had grand weather for their Kendallville convention.

Kendallville had the honor of naming the next congressman of this district.

Overcoats and winter wraps are worn although spring has been here for more than a month.

The democrats are in the field early this year with county, state and congressional tickets.

The city council meets tonight. The Sentinel will hereafter print the official record of their proceedings.

Illinois has not dropped Palmer, Indiana clings to Gray, Maryland supports Gorman, and Iowa remains true to Boies.

Hope hospital in this city has made a number of new improvements lately in the way of additions to their buildings, and on May 5 the institution will be thrown open for public inspection.

Fort Wayne would be an excellent place for the location of the proposed Soldiers' Home which the G. A. R. purpose shall be built for the soldiers and sailors and their wives and widows.

The republican candidates for governor do not appear to be doing half the hustling that the democratic candidates did. This is because they are not so confident of carrying the state this year.

The excursion season will soon commence. Many organizations have already arranged dates for Rome City and Warsaw, and these resorts will be well patronized, although the World's fair will interfere considerably with them.

C. H. Worden, W. T. Abbott and M. V. B. Spencer, of this city, Oehmig Bird, of Aboit township, and Dr. Magers, of Churubusco, are announced as candidates for joint senator before the democrats of Allen and Whitley counties.

The city council tonight will open bids on the East Wayne street pavement, a job that will cost about $15,000. Wayne street is to be paved with brick from Hanna street to Harmer, and the pavement will be a great boon to the eastern part of the city. The council will hold its meeting this evening in the circuit court room and will hold its regular sessions there all this summer and the coming fall.

It is said of Harrison and Morton that they have gotten on much better together than any president and vice president of recent years. Morton, accepting his position as chiefly social, has done much for the administration by his admirable entertaining, and has not meddled with politics or patronage except to make recommendations now and then as to New Yorkers seeking office, which he has never forced upon the president personally. They are good friends, although they never knew each other until they were nominated together.

The Indianapolis News gives the following as the list of candidates for the republican nomination: Ira J. Chase, Danville; Smiley N. Chambers, Vincennes; Theodore Shockney, Union City. Beside these three persons who have announced themselves, several men have been mentioned in connection with the nomination. Minister Porter is frequently mentioned, and ex-Congressman James B. White, of Fort Wayne; C. W. Fairbanks, of Indianapolis; J. N. Huston, of Connersville, and Warren G. Sayre, of Wabash, are spoken of but hardly regarded as the possibilities.

From a theosophical point of view the four ages are as follows: Sata Yuga (golden age), 1,296,000 years; Dwapara Yuga (copper or bronze age), 864,000 years; Kali Yuga (iron age), 432,000 years. The total of these four ages make one Maha Yuga, or great age, of 4,320,000 years. One thousand Maha Yugas make one Kalpa, or day of Brahma, equal to 4,320,000,000 years, after which the night of Brahma, a period of equal duration, comes on, and the earth vanishes from the objective plane of existence. Three hundred and sixty days and nights of Brahma make one year of Brahma, and 100 years of Brahma make the Great Kalpa, a period of 311,040,000,000,000 years, after which the entire solar system passes into its night, and everything in it is destroyed on the objective plane. The "great night" then lasts for an equal period, and then a new sun arises on a new solar system, and evolution begins once more, the Karma of the previous system being carried over to the new one. According to the Secret Doctrine we are now living in the Kali Yuga, the last of the four ages, and it beginning nearly 5000 years ago with the death of Krishna, B. C. 3102. The first minor cycle of the Kali Yuga will end in the years 1897-8. According to the theosophical view we have still some 427,000 years left, however, before we arrive at the end of our present age. The Kali Yuga is known as the black age, the age of spiritual darkness, and during its existence the human race pays up for its misdeeds in the previous ones.

TEMPERANCE WORK.

The Semi Annual Meeting of the Woman's Christian Temperance Union.

Last Saturday at the Christian church in this city, was held the semi annual meeting of the Woman's Christian Temperance union of Allen county. Delegates were present from Hoagland, Maysville, Monroeville and Fort Wayne unions.

The welcome address was given by Mrs. Spaulding of the Fort Wayne union, and response by Mrs. Stopher, of Harlan. Owing to the removal of the recording secretary and the inability of the corresponding secretary to serve, the vacancies caused by the resignation of both were filled by elections as follows: Recording secretary, M. B. Goraline, of Fort Wayne union, and Miss H. H. McDaniels, of Harlan.

After an interesting Bible reading, conducted by Mrs. Dr. Ormo, county president, of Harlan, the meeting adjourned until 1:30 o'clock in the afternoon. The delegates and members were immediately marshalled into the dining room connected with the church, where thoughtful sisters had prepared a bountiful dinner, which was served to about sixty ladies.

The afternoon session was opened by the reading of scriptures by Mrs. Schrader, of Fort Wayne, and prayer by Mrs. Stopher, of Harlan. The afternoon was taken up by reports from the different unions, interspersed with select readings, etc. The report of Miss Carrie Smith from the Fort Wayne society included an interesting account of the "Kitchen Garden" work which is carried on under their auspices.

The report of Miss H. H. McDaniels, of Harlan, superintendent of juvenile work showed a healthy progress in the Loyal Legion work throughout the county, but she said the work should at once be taken up in this city, and teachers are earnestly called for—who will come forward and volunteer to take up this much needed line of work.

Miss McConnell, of Kendallville, was present and gave a very interesting report of the eighteenth national convention, lately held at Tremont Temple, Boston. She delivered verbatim the address of Lady Henry Somerset, in a very impressive manner, and was listened to with much interest.

The committee on resolutions reported the following which were unanimously adopted:

Resolved, That we will remain loyal to our state and national union, and that we will, so far as practicable, endeavor to follow out their plans of work—and will make a greater effort in the future to advance the organization of our county.

Resolved, That each local union hold one public meeting during the year for the benefit of the county work.

Resolved, That we will never give up the fight until the last saloon is closed and our streets and communities purged from their influence, and made safe for our sons and daughters.

Resolved, That we have a firm belief in the ability of the white ribboned army of 250,000 loyal, christian women, working by and through the help of Almighty God, to save the world from the sin of drunkenness, and we wait patiently for the last battle, when we shall go forward armed with that which makes the fight an equal one—the right of suffrage.

Resolved, That we sympathize with our sister union of Fort Wayne, in the loss of her former president, Mrs. Nancy Mason, who has gone to her reward, a kind friend, and a useful member, whose place will be hard to fill.

Resolved, That we tender our sincere thanks to the pastor and members of the Christian church, and to all who so kindly lent their assistance to make our convention a success.

MRS. RIDENOUR,
MRS. KARIGER,
MISS MCDANIELS,
MISS CARRIE SMITH,
Committee.

A select reading by Mrs. Reichelsderfer, of Harlan, "How Shall We Raise Money?" was received with general interest.

After some remarks by different members and delegates the meeting was closed by prayer offered by Mrs. Schrader, of Fort Wayne.

All who attended the meeting were greatly encouraged in the work, and consider the outlook an excellent one for a successful year's labor.

The unions all showed an increased membership and the members are filled with an enthusiasm which portends success.

The convention of Noble county will be held May 4 and 5 at Kendallville, to which all were invited by Miss McConnell. The next semi-annual meeting of the Allen county W. C. T. U. will be held at Maysville. Time will be fixed later.

The school of methods for the group of counties comprising this district will be held at Huntington on the 5th and 6th of May, and a full attendance from Allen county is desired.

M. B. GORALINE,
Recording Secretary.

TO INVESTIGATE THE CENSUS.

It Has Been Decided to do so by the House of Representatives.

The house of representatives at Washington has decided that the taking of the eleventh census shall be investigated, and the census committee of which Mr. Willcox, of Connecticut, is chairman, has the matter in hand. It is expected that the committee will find it necessary to go to New York and investigate the [illegible] against the [illegible] of the [illegible] of New York City.

The smooth faced man of the engraving is the superintendent of the census office at Washington, Robert P. Porter, an Englishman. He is a man of ability and marked success in journalism and politics. How he will stand the test of investigation as to his methods in census taking remains to be seen. Representative Willcox is one of the most popular men in congress. He represents the Second district of Connecticut, of which commonwealth he is a native. His home is at Chester, Conn., and his office for the practice of the law at Deep River. Mr. Willcox's parliamentary experience began with his membership in the Connecticut house of representatives, as long ago as 1862, the same year in which he was graduated from the Yale law school.

WEDDING POSTPONED.

But the Young Couple Will be Married in This City Tomorrow.

It was expected that Mr. B. J. Winker, of this city, and Miss Annie M. Carey, of Huntington, would be married Sunday night but the expectations were not realized. The young people will, however, be married in this city tomorrow. In giving an account of the causes that led to the postponement of their wedding, the Huntington Herald says:

The license had been secured and the wedding was to have occurred at the home of Mr. and Mrs. Hoag, on Guilford street. The sequel was that the guests were on hand and all the arrangements were consummated with one exception, which was the wedding. This feature of the program did not materialize. A brother of the intended groom came down from Fort Wayne Saturday evening and effected an arbitration with the intended groom which postponed the marriage until Wednesday, when it will be solemnized by a Catholic priest at Fort Wayne.

Mr. Winker is a member of the Catholic church, while Miss Carey is of the Protestant faith. It seems there was some difficulty encountered in getting a priest in this city to officiate except under certain conditions which were not satisfactory, so a Protestant minister was engaged for Sunday night. When it was proposed that a priest in Fort Wayne was willing to tie the knot, the gallant Mr. Winker concluded it would be the proper thing to postpone. This was about all the concession he felt willing to make since he had found so many obstacles to hedge his path towards matrimony. However, it all served to make him only the more resolute. It proves the old saying that "a lover's like the hunter—if the game be got with too much ease, he cares not much for it."

Mr. Winker belongs to an influential family and since in this city has been doing some lively hustling for the Farmer's Building and Loan association, for which he is solicitor. He thinks seriously of changing his business and engaging in mercantile pursuits of some kind in this city within a few months.

Miss Carey is a daughter of Cyrus Carey, residing on Market street. She is an estimable lady, has been employed by the Prudential insurance agency and at present fills the honored office of noble grand in Charity lodge, Daughters of Rebekah. This paper hopes the couple may share a bright future.

Accidents will happen. Be provided with Page's Climax Salve. It will cure a burn, scald, cut or bruise and save pain and doctor bills.

Miss Nora Hamilton returned home last evening from Farmington, Conn., where she has been attending school.

Twenty Years' Experience.

C. D. Fredricks, the well-known photographer, 779 Broadway, New York, says:

"I have been using ALLCOCK'S POROUS PLASTERS for 20 years, and found them one of the best of family medicines. Briefly summing up my experience, I say that when placed on the small of the back ALLCOCK'S PLASTERS fill the body with nervous energy, and thus cure fatigue, brain exhaustion, debility and kidney difficulties. For women and children I have found them invaluable. They never irritate the skin or cause the slightest pain, but cure sore throat, coughs, colds, pains in side, back or chest, indigestion and bowel complaints."

It was a beautiful thing to do, to cover the odious taste of cod-liver oil, evade the tax on the stomach, and take health by surprise.

RAILWAYS AND SHOPS.

How a Slick Englishman Worked the Pass "Racket"—Matters of Local Interest.

The following story appeared in a Chicago daily paper a few days ago. "Railroad magnates of New York and Chicago, who have the reputation of being the sharpest people on earth, have been taken in, and by a clean cut little Englishman at that. They have pressed upon him private cars, annual passes and theatre boxes, little dinners for select parties, and luncheons ad libitum. Chauncey M. Depew mourns some annual passes and his gray side whiskers tremble with sorrow as he thinks how he was worked; George B. Roberts, the astute president of the Pennsylvania, was so taken in that he furnished his new acquaintance with flattering letters of introduction to western friends; Stuyvesant Fish, of the Illinois Central, and the Burlington people—everybody that this smooth tiger from Britain's isle met was caught.

It all came about like this C. H. Cook—at least he said that was his name and nobody can prove the contrary—landed in New York and said he was assistant superintendent and civil engineer of the London and Northwestern railway. Mr. Cook, A. S. & C. E. L. & N. W. R., said he was in this country for health, rest and recreation and—incidentally, he wished to look over the great American railways and see how they were run.

Mr Depew gave up an annual pass on the Vanderbilt lines and a nice new Wagner pass, a luncheon with a pretty speech, and a ream of letters of introduction. George B. Roberts furnished the freedom of the Pennsylvania system and sent Mr. Cook to the great Altoona shops to look them over, which he did under the guidance of officials whose time was worth in the aggregate $500 a day. At Pittsburg iron kings and high tariff barons wined and dined the great English railroad official, and a Chicago, Burlington and Quincy private car was procured to bring the favorite to Chicago.

When Mr. Cook arrived in Chicago there was a great to do. President Roswell Miller, of the Chicago, Milwaukee and St. Paul at once interviewed Mr. Cook on elevated terminals. When Mr. Cook found out that Mr. Miller was in favor of surface tracks Mr. Cook promptly declared that there were no elevated terminals in England to speak of because they were impracticable. With joy in his heart Mr. Miller had this interview published in the Chicago papers and sent his visitor up to Milwaukee "D. H." to view the shops. Then Mr. Cook called on J D. Springer, third vice president of the Atchison, and told him elevated terminals were the greatest benefit of England and that kind old gentleman gave up a complete assortment of passes on the Atchison's California lines But the Illinois Central—well, that road was struck the very hardest. Mr. Cook procured a pass to New Orleans and return and paid fare south for his wife. When the Illinois Central heard of this the officials sent by telegraph free transportation back for Mrs. Cook and asked permission to refund the amount paid for her going south. Then Mr. Cook journeyed west. He has seen America thoroughly from the Atlantic to the Rocky mountains and is now doing the Pacific coast in a Southern Pacific private car.

But yesterday something was heard to drop. C. A. Barratoni, general agent of the London and Northwestern in America, looked up Mr. Cook's pedigree and telegraphed the Chicago Times:

C. H. Cook has never been associated with my company in any official capacity whatever, and is a fraudulent person.

Mr. Barratoni has also sent this letter to the Railway Age:

To the Railway Officials in the United States, Canada and Mexico:

It has come to the knowledge both at the headquarters of this company in London and at their New York agency that one C. H. Cook, styling himself assistant superintendent and civil engineer of this company in England, has largely imposed upon railway officials on this continent by obtaining transportation favors under false representations.

I therefore take this public way of warning those interested that the said Mr. Cook is not connected with this company in any official capacity whatever, and must be considered and treated as a fraudulent person

The employes of the Anthony Wayne Manufacturing company are now working by the piece and are well satisfied with the new order of things. The works are now running twelve hours.

The boiler for the first class X engine made in the Pittsburg shops was tested this morning, at a pressure of 200 pounds to the square inch. When the engine is completed it will make a trip of the entire Pennsylvania system.

Frank Meyers is now operating Anthony Haverly's steam hammer in the Pittsburg blacksmith shop. This is one of the most difficult hammers in the shop to manage, but this young man seems to get along with it all right.

Conductor Kinsie Kimmell, formerly of the Plymouth local freight, is now a full fledged passenger conductor and P. T. McArdle has been given the local freight run. Mr. Kimmell has been assigned to the Plymouth accommodation.

A number of machines were yesterday removed from the Pittsburg plaining mill to the south wing of the building, and this department will hereafter be know as "B. Select," which derives its name from the best quality of lumber used in the construction of cars and cabs, and also in compliment of the skilled workman who handle this material. This department will also be under the efficient and over watchful eye of Foreman John Kretzinger and his very able assistant, William Wehrs.

Business in the furniture line is nearly at a standstill. The season opened with a brisk trade, and the manufacturers, thinking the demand for their goods would be greater than on former years, have laid in a big supply of manufactured furniture. Manager D. B. Kehler, of the Fort Wayne Furniture company, has just returned from a tour of the states and says that dealers and manufacturers everywhere are complaining of the volume of business. The Fort Wayne company are getting a car load of beds ready for shipment this week to New York.

Falling Over a Precipice

Is a terrible thing even in dreams. The victim of this frequent form of nightmare awakes with a start and a cry; his limbs bathed in cold perspiration, his heart thumping tremendously. Moral: Don't sleep on your back, particularly if you are troubled with dyspepsia and nervousness, and use Hostetter's Stomach Bitters to cure these joint troubles. For sleeplessness, the inseparable attendant of chronic dyspepsia, and its offspring as well, the Bitters is a surpassing remedy. The disordered stomach is the progenitor of numberless harassing symptoms, and the organs of thinking is a faithful reflector of its disturbance, in which the liver and bowels also share. If we are to restore quietude to the brain and nervous system, we must reinforce the stomach and regulate the action of the digestive, secretive and evacuative organs. Prevent and remedy malaria, inactivity of the kidneys and bladder, debility, heartburn, sick headache and la grippe with his remedy, which has received the unqualified sanction of eminent physicians.
